

I oppose media concentration!

I am writing to you today to comment on Docket No. 02-277, the Biennial Review of the FCC's broadcast media ownership rules. In promoting its supposed goals of fair competition, diversity and local voice in today's media market, I strongly believe that the FCC should retain all of the current media ownership rules now in question. These rules serve the public interest by limiting the market power of the huge, dominant companies and players in the broadcast industry.

I do not believe that the studies commissioned by the FCC accurately demonstrate, or even attempt to demonstrate, the negative effects that media deregulation and consolidation have had on the diversity of our media. While there may indeed be more sources of media than ever before, the spectrum of views presented has been severely limited.

With the serious impact these rule changes will have on our democracy, it is important that the Commission take the time to review these issues more thoroughly and allow the American people to have a meaningful say in the process.

Thank you.

Sincerely,  
Matthew C. Pouliotte
